8. Pursuant to Section 22 of *The Municipalities Act*, any person who wishes to use a municipal road for the purpose of transporting quantities of goods or materials that, in the opinion of Council, are significant in nature, must first enter into an agreement with the RM of Dufferin No. 190 for the maintenance of any municipal road. Vehicles used in connection with "bulk haul" operations will not be eligible for an overweight permit unless they have first entered into an agreement pursuant to Section 22 of *The Municipalities Act*.

9. The issuance or non-issuance of an "Overweight Permit" does, in no way, limit the liability of any hauler who may cause damage to the municipal road structure, bridges, and/or culverts and such hauler shall be responsible for the restoration of any road, bridge and/or culvert, should any damage occur.

10. Provincial Road Bans supersede these permits.
